

# YOUR FLEET IS AN INVESTMENT

## OUR MANAGEMENT SOLUTIONS CAN HELP IT PAY OFF

**Holman**  
Driving What's Right

## VEHICLE MANAGEMENT

### VEHICLE FUNDING

Flexible finance options for open or closed-end leasing, transparent fixed or floating rates, and consolidated cost reporting.

### SUPPLY CHAIN MANAGEMENT

Accurate and cost-effective supply chain management with vertically integrated vehicle upfitting and online status tracking.

### MAINTENANCE MANAGEMENT

Control costs and downtime with a predictive data approach to service, repairs, roadside, and rentals, supported by six call centers.

### LICENSE AND REGULATORY COMPLIANCE

A single-source solution for every licensing and compliance need from initials to renewals and special projects. Secure a vault storage of original titles and all documentation accessible online.

### TOLL & VIOLATIONS MANAGEMENT

Solutions for parking and toll violations that keep costs and downtime under control.

### FUEL MANAGEMENT

Co-branded card, data integration, fuel cost control, bulk fuel management, wet hosing, emergency fuel supply, and OTR fueling.

### VEHICLE REMARKETING

Achieve positive returns through our virtual marketing strategy, private-label sites, auctions, dealers, employee sales, direct purchase, and equipment services available.

## DRIVER MANAGEMENT

### PERSONAL USE REPORTING

Flexible financing options for open or closed-end leasing, transparent fixed or floating rates and consolidated cost reporting.

### DRIVER MVR, COMPLIANCE, & SAFETY

Solution for parking and toll violations that keep costs and downtime under control.

## ANALYTICS & EFFICIENCY

### FLEET ADMINISTRATION

Reduce internal administration with expert management of strategic and tactical fleet needs supported by corporate and local offices.

### GARAGE MANAGEMENT SYSTEM

Integrate in-house and outsourced repairs to leverage comprehensive tracking, management, and reporting on all fleet data.

### FLEET TECHNOLOGY & INTEGRATION

Consolidate all fleet data (ERP systems, driver activity, previous lessor data, & more) into a cloud-based platform for real-time fleet data. Utilize dashboards, KPIs, reporting, analytics, and driver apps.

### TELEMATICS

Three levels of telematics to meet every need and budget: Data Capture, Consulting Services, and Managed Solutions.

### HOLMAN CONSULTING

Tenured consultants review fleet data to set performance benchmarks and deliver recommendations for savings and efficiency.

As the world's largest family-owned fleet management company, Holman manages 1.9 million fleet vehicles in Canada, the United States, Mexico, the UK, and Germany and, together with our strategic partners, 3 million fleet vehicles worldwide. **Let's work together to gain visibility into your fleet spend, reduce administrative time, and drive more informed decisions.**
